"The Bank of Courtesy"

What's the Difference?

The only difference that shows on the outside is the trade-mark, but *that's enough* for any wise car-owner.

He knows that it stands for a *big difference inside*, that it is the mark of Willard Threaded Rubber Insulation, the latest and the greatest improvement in battery construction.

And this means a Still Better Willard Battery, more durable insulation, a more economical battery to own, and unit for unit of electricity, more for his money.

Come in and let us explain more fully the difference between Threaded Rubber Insulation and other kinds. It will pay you.
